

# Good News for the High School Art Department!

Four participants of this year's *Scholastic Art and Writing Awards* received recognition. Pictured from left to right are Jacob McBlane, Jeremiah Fettinger, Terrah Coon and Kelsey Skudder.

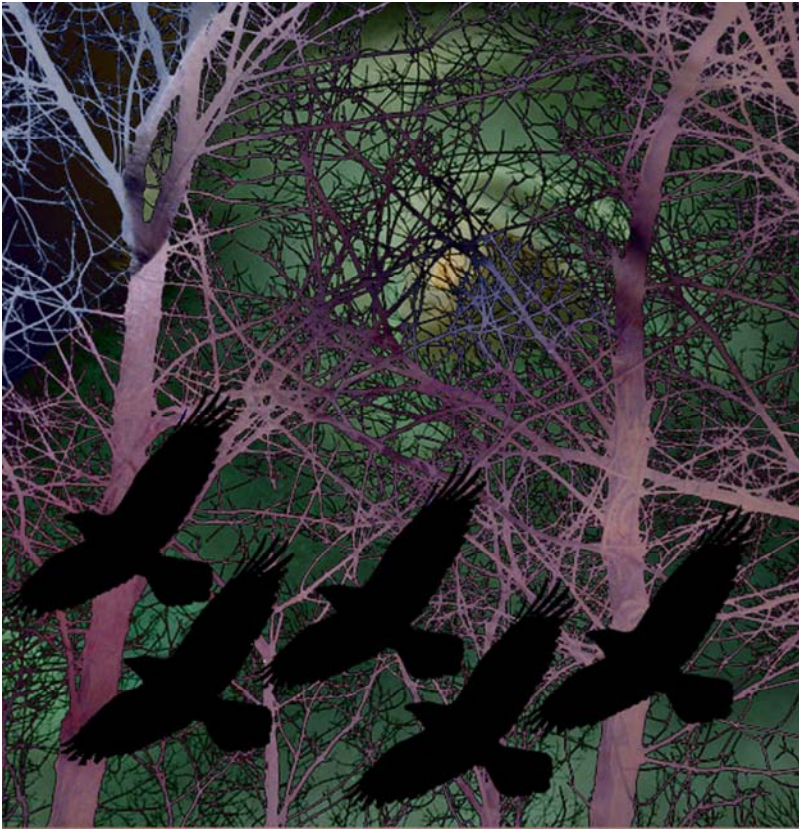

All of the participants received Honorable Mentions for their photographs and Terrah Coon also received the honor of a "Gold Key" award for her "In the Forest" photograph. Terrah's photograph will now go on for National competition.

617 works of Art were submitted this year to the Art and Writing Awards, and 218 were recognized. 9 photographs were submitted for consideration from Windsor High School, and 6 out of the 9 were given awards. This certainly demonstrates the quality of the work created by our photography students. Congratulations to all of our participating students!

Please check out the winning photographs...
