

## Student Cell Phone Use and Possession Policy

1. Student-possessed cell phones must be turned off and be out of sight from the beginning of the school day up until the end of the school day.
2. Cell phones are never to be used and must be kept out of sight at all times in any area in which an individual has a reasonable expectation of privacy including, but not limited to restrooms, locker rooms and showers. This prohibition applies at all times during school and non-school hours.
3. Students may never use a cell phone to interfere with instructional activities and may not text message without the express consent of a school official, including teachers, during the instructional day.
4. In the event a student violates this policy, the school may take the phone and make it available in a reasonable amount of time. Further, in the event a student violates the policy, discipline can be imposed upon the student.
